The Red Fox AD Truck is custom fitted for the job. The very best in quality gear, design and functionality make this the best in its class. Huge desk space for up to 8 office/AD staff, filled with light thanks to huge adjustable pane windows throughout.

The AD truck boasts:

- a single group Vibiemme Domobar Junior Coffee machine with grinder
- huge laundry style sink with hot water service
- fresh and grey water tanks controlled by Davey Water pump and Torrium Management system
- 4 x hydraulic stabilisers that can level and stabilise the work truck on any camber and surface
- internally it includes huge wall mounted white boards and pin boards and battery charger racks and storage cupboards for stationary etc
- air conditioned throughout
- can be fitted with large production photocopiers and offers good settings for wifi power and charging points a plenty. No AD will be left wanting more.

AD's Truck replacement cost - \$85,000
