### **Dimensions**

4.0m height

2.5m width

13m length

16,000kg GVM

**Registration XW68AN**

Our XL costume truck is the largest bodied example in Australia. Fitted to a custom UD truck chassis, the longest possible in the country, giving it a huge presence with an abundance of space. The Pantech body is 10.5 metres long. A custom-made interior and purpose built with input from the most experienced stand-by costume crew and influential costume designers.

It has an ultra-bright, modern interior with top of the range appliances from Fisher & Paykel. Huge top loader washing machine and heat pump clothes dryer, fitted conveniently among the stand-by workstation. A massive costume hanging space down both sides of the fit out with crate storage above and below, slide in/out full size dressing mirror, it also has 4 x large wire basket storage cupboards and 4 x high end costume/rack storage cupboards next to Bar fridge and secure coded safe for Jewellery storage.

The convenient entry staircase with safety rail is quick and easy to use with glass sliding concertina door adding additional privacy and simple entry. There are extra storage boxes accessed outside on the truck body, for power cables, levelling blocks, costume racks etc, and water pumps/hot water service are strategically positioned for easy repair/fault finding.

The truck boasts immense fresh water and grey water tanks, with the ability to hold and transport approx. 800 litres of fresh water and 500 litres of grey water.
